

Hole in one Rentals

The go to service for Golf Clubs to rent their equipment. With an excellent range of modern and new or nearly new equipment Hole In One Rentals has you covered.

ATV or UTV then with two of the best brands available in Corvus and Aodes we keep you moving

An ATV or UTV not rugged enough then why not choose a Captain Tractor. With a selection of attachments, including aeration, trailers, tillage and fertilizer applicators then we are sure to have what you need when needed. Flexible transmissions and powered with the reliable Mitsubishi engine it combines power and a work like stance. It can also come with without a loader and there are also larger tractors available subject to availability.

Mowing and Landscaping is cover by our range of high power and high-quality Cramer Power tools selection. An all-electric range of equipment that includes anything you might need, including the latest zero turn mowers and running silent to keep your players playing.

Adding new irrigation or drainage and need a smart way to add the ducting without the need for an excavator and all the mess that goes with it, then choose our Mak Brent trenching equipment. Made in Italy and built for the professional.

Options

Landscaping or creating an extension to your course then why not rent one of our excavators with or without driver. With rental machines available from 1 ton to 2.5 tons and beyond then Sunward is your best option. There are also many options of buckets and attachments available.

Sunward Excavators

Woodchippers & Compaction

Tracked Telehandler & Tracked and Wheeled Dumpers

FJ Dynamics is a robotics company focused on digitalization, automation, and new energy. We are committed to creating practical and affordable robots for the most labour-intensive industries and using our technology to drive digital transformation across those traditional industries for improved productivity and working environment. Today, our solutions are widely applied in agriculture, landscaping, construction, surveying, and facility services. As our business expands globally, we are excited to collaborate with partners and clients to create a better future for the world.
